

# Donation Luncheon

Sunday, August 6

*To benefit*  
**Ukrainian Orphans**

**The children and directors of this orphanage in Ukraine thank you for your previous support! Your gifts supported energy-efficient projects and other improvements.**

A little winter kitchen was created out of a part of big game room. With Ukrainian cold winters and no funding from the state it was impossible to keep big dining room and the kitchen heated.

**The orphanage now houses 12 kids, ages 2 to 11, 7 boys and 5 girls.**

Until just recently, the orphanage Director Natalia and her husband were taking care of kids by themselves. Now they have **hired a woman to cover some night shifts and help with cooking.**

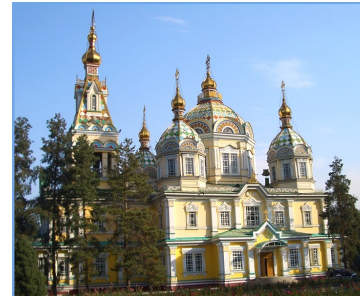

**Your help is needed again to keep up with growing expenses and to host more children.**

*A short slide show will be presented during coffee hour, to see all projects in progress and meet every member of orphanage.*

***God bless you for your generosity!***
