

Lost Tools of Teaching WORKSHOP

Saturday, October 4th
9AM TO 4PM

Presented by the CiRCE Institute

St Philip's Orthodox Church
1970 Clearview Rd
Souderton, PA 18964

Join Tonya Rozelle, CiRCE Certified Master Teacher, for a day of lively conversation and thinking together. Experience the delight of gaining insights for yourself. Learn how you discovered those—or, how we perceive the truth—and learn how to teach your students to see for themselves, to find more delightful "ah-ha" moments. Enjoy fellowship with kindred spirits and find neighbors who share your interests and activities.

The workshop begins with the foundational belief that truth is, it can be known, and it can be communicated. Mimetic instruction first cultivates wonder before directing the student's attention to the embodied forms truth takes. We call these forms types. By attending and contemplating the types we move closer to the moment when the soul apprehends the truth or logos of the lesson. Having seen the logos, the student proceeds by imitating this truth in the creation of new types. The mimetic journey from wonder to imitation orders the soul to truth.

Come, let us reason together!
